A PUBLIC PAGE SHOWS THE CLUB. THE PAID VALUE CONNECTS EVERY EXPERIENCE.

Connect a member once. Their Club role, Player ID, programs, coaching, competition, and TenAceIQ tools stay together.

01

CONNECT ONCE - WITHOUT DUPLICATES

Add a current TenAceIQ member or invite someone new. Match the Club membership to their existing Player ID so public history, My Lab, and TIQ ratings stay connected.

02

TURN PROGRAMS INTO PLAYER PROGRESS

Club context follows the player into My Lab and the coach into Coach Hub - connecting assignments, goals, tactics, video, and the next useful step.

03

RUN COMPETITION YOUR WAY

Choose TIQ rated, public history only, or social/event only when a league or tournament is created. The club decides what counts.

04

MAKE IT FEEL LIKE YOUR CLUB

Use your logo, colors, public home, programs, schedules, people, communication, and competition setups - powered by TenAceIQ.

WHY PAY FOR CLUB?

Because Club turns separate accounts and tools into one branded tennis relationship your members can actually use.
